

The road to England starts here. The England Netball Performance Pathway starts with open applications.

<http://www.netballnorthwest.org.uk/>

You go to the NW website, read about the county academy offerings - where the training is, how much it costs, what nights etc - then complete the application form on the website selecting the 3 positions of choice (the 1st one being your preferred) and the county which you wish to trial for. If you live in the NW, you can trial for any county in the NW.

PLEASE NOTE YOU CAN ONLY TRIAL FOR ONE COUNTY IN ANY GIVEN YEAR. IF YOU FAIL TO GET INTO YOUR SELECTED COUNTY, YOU CANNOT GO TO ANOTHER COUNTY WITH THE NW AND TRIAL AGAIN.

So read the trial information carefully, discuss your abilities and goals with your coach or teacher, and discuss the travelling requirements with your parents before completing the application form.

The applications are open from the 1st May to the 31st May. No late applications will be accepted.

Each county has the same program to deliver - numbers of hours, play days - differences are in coaches, strength and conditioning offer and facilities. Also the format of trialling may differ - some have pre trials, training days with final trials others run everything over a weekend. Please consider your availability when making your choice. READ THE INFO SHEETS CAREFULLY.

Once you have been selected - the hard work starts..... Good luck everyone Make your dreams come true.
